Why choose Schneider Electric's solar products and solutions?

**Future-Ready for Your Smart Home**
- Powerful solar monitoring platform
  - Access from anywhere
  - Leading compatibility
- Simple user interface
  - Access from any devices
  - Advanced data security

**20+ Years of Experience**
- We provide mature residential solar and storage solutions with unmatched reliability and 20+ years of experience

**Long-Term Reliability**
- We provide you with robust, long-term and highly reliable solutions throughout the product’s lifecycle

**Schneider Electric’s Ecosystem of Products and Solutions**

**Commitment to The Future**
- With our strong heritage in solar power conversion and energy management, we’re committed to solar and storage as a mega trend in power generation
Solar + Storage Solutions

Secure power and optimize energy usage for self-consumption or time of use rates. Schneider Electric’s Solar and Storage solutions are ideal for grid-tied applications with backup power.

Schneider Electric’s solutions include hybrid inverters, solar charge controllers, monitoring and balance of systems, ensuring Life Is On everywhere, for everyone and at every moment.

- **XW Pro Hybrid Inverter**
  - Heart of your home power system
  - Store solar energy in batteries
  - Provide backup power during power outages

- **MPPT Charge Controller**
  - Optimize the solar energy production
  - Black start batteries from solar

- **Energy Management**
  - Monitor and control your solar system locally or remotely with Insight Energy Management
  - Mobile app available

- **Batteries**
  - Our solutions are compatible with multiple batteries, making it easy to design solar and storage systems

Life Is On | Schneider Electric
Select the right products for your needs

Q What’s your primary goal?

- **Sell Solar to the grid with backup power**
  - Inverter: XW Pro
  - AC-Coupling: Compatible with third party inverters
  - Accessories: Automatic Generator Start, Battery Monitor

- **Solar Self Supply**
  - Grid-tied with backup power
  - Off-grid
  - Inverter: XW Pro
  - MPPT Charge Controller: MPPT 100 600, MPPT 80 600, MPPT 60 150

- **Gain energy resilience without Solar**
  - Inverter: XW Pro
  - SW
  - Energy Management: Insight Energy Management

Schneider Electric Solutions include:
- Optional generator integration
- Web-based monitoring & configuration with Insight Energy Management
- Scalable multi-unit systems with XW Pro
- Grid code compatibility with XW Pro
